

In the Name of Allah, Most Gracious, Most Merciful

Global Moon Sighting in the Quraan

By Irshad Mahmood – Global Auliyya (PRESIDENT), Siraat-al-Mustaqeem Dawah Centre

Celebration of Eid and starting of Ramadaan has become a BIG Joke in the Global Muslim World, who are widely divided and celebrating their Eid, or starting their Fasting on 2 to 3 different days. Don't forget that there is only one Sun, one Earth and its one Moon. Thanks to Allah, Fridays are not decided by moon sightings, otherwise it could be real mess.

This is a Critical Issue. We need to remember that on the Day of Eid, Fasting is prohibited (Haraam). So we need to understand it with True and Sincere Love for Allah and with a broad mind.

Also keep in mind that the very First Lailatul Qadr was according to Makkah al-Mukarramah Calendar and the Day of Arafa 9th Dhil Hajj, at the time of Hajj is to unite the Muslim Ummaah, for only one thing: the Love for Allah alone on one Global Day of Arafa, i.e. 9th Dhil-Hajj Globally.

We may never Unite Muslim Ummaah, if we celebrate Eid/Ramadaan etc. on different days and also have different Worshipping Methods in this modern age with advanced technology.

We have seen, I am Right, you are right, we all are right. BUT it didn't work and Ummaah is being butchered for centuries. The **Great Mistake** of a human is that "I am Right" (100% correct). If he is right, it is very good, BUT if he is wrong then it is WORST and he will never ever correct himself and might go to hell forever.

One must keep in his mind is that he could be wrong at some point and so he always needs to keep getting good knowledge by **Listening to all BUT following the truth.**

Allah already mentioned the solution of moon sighting in the Quraan very CLEARLY, and we must take guidance from the Quraan to perform Hajj, do fasting in the month of Ramadaan and celebrate Eid, **GLOBALLY** and follow one **Global Islaamic Calendar** in the light of Quraan (book of guidance) (Ref: AI_Quraan_010.005).

They ask you (Muhammad {Peace be Upon Him}) about the phases of the moon! Say, They provide a timing device for the people, and **Determine the Time of HAJJ** (in Makkah Al-Mukarramah, Saudi Arabia), and it is not righteousness that you should enter the houses by back doors, but righteousness is this that one should guard (against evil); and go into the houses by their (main) doors and be careful (of your duty) to Allah, that you may be successful. (AI_Quraan, { Surah Al-baqara} 002.189)

Keep in mind it will be hard to see the crescent moon in cities due to lights and pollutions etc. We should listen and observe to those in far remote areas where there is less pollution, or even better, take advantage of modern astronomy. Not only Global Warming BUT Global Dimming and other unknown factors may be causing difficulty in sighting the Crescent Moon. Global Dimming was discovered just after 11-SEP-2001, when all the US flights were grounded for three days: <http://www.informationclearinghouse.info/article15809.htm>

With the availability of Modern Technology, we must calculate crescent moon sightings and also physically verify moon sighting with the naked eye globally, and inform Global Muslim World. No one should look for the Moon Sighting in their backyard individually in the far north or south or east or west, instead look globally. It is not for your region in the far north or south or east or west, instead it is to perform HAJJ globally. **Every Month must start with the NEW Crescent MOON Globally NOT Locally.**

Years, Months and Days are GLOBAL while Salaat Time is Local. Also the day JUMA is GLOABL while its prayers time is Local, and is similar to new year on 1st January, but its breakfast, lunch and dinner etc. times are local. Also Kabaa, the house of Allah in Makkah al-Mukarramah, Saudi Arabia is center of the earth.

Do not fast unless you sight the crescent (globally), and do not break your fast till you sight the (following) crescent (globally)." (Al-Bukhari, Vol. 3:130).
